

**Ongoing Assessment:**

**Questions and *Ticket Out the Door*:**

Assessment Questions can be addressed and answered through “Tickets Out the Door.” The students will enter the classroom each day and immediately write the question for the day on the ticket. At the end of the class, the students should be able to answer the question using complete sentences. In order to leave the class, the students must submit their completed ticket. The teacher will review the tickets checking for student understanding. This will allow the teacher to identify students who are experiencing gaps in understanding on daily basis as well as students who may require a faster pace or enrichment. Or, the Tickets Can Be Used on a less regular basis, and introduced as needed.
